DRIPTITE™ UNBREAKABLE Water Heater Drain Pan

Specially Designed
To Fit All Water Heaters
Enjoy the New
Benefits & Advantages

- **WILL NOT BREAK**
- **LIFE-LONG TOUGH**
- **Up to 4X thicker** for superior strength
- Won't bend or rust like round metal pans
- Won't dry out or crack like other plastic pans
- Rounded corners for child safety
- Won't break or crush when installing the water heater
- Pre drilled hole for easy installation
- Looks nice, less obtrusive than other pans
- **10 Year NoBreak NoCrack Warranty**

INSTALLATION INSTRUCTIONS:

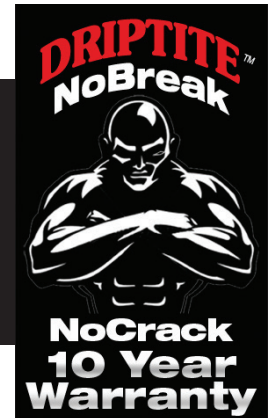

1. Select pan with a diameter at least 2 inches larger than water heater.
2. Install drain fitting in side of pan as shown.
3. Position pan and connect fitting into drain pipe.
4. Set water heater in center of drain pan and complete installation.

Tested TruTough Made to Last!

PRODUCT**

10 Year Warranty!

Protected by U.S. Patents Pending.

DRIPTITE 10 (ten) Year NoBreak NoCrack Warranty

If your DRIPTITE Water Heater Pan (part) fails because of a manufacturing defect within 10 (ten) years from the date of purchase, we will provide a new part at our option, without charge. Return the defective part directly back to the A/P Office (Driptite, 25422 Trabuco Rd., Suite 105-622, Lake Forest, CA 92630) with a copy of the "proof of purchase". If the part is defective, it will be exchanged. This warranty does not cover parts that are improperly installed, damaged, abused or used for other than the intended purpose. It does not include the cost of returning the part to the vendor from which it was purchased, the labor to remove, install or diagnose the failure, parts used in the commercial applications, and incidental or consequential damage caused by possible defects with the parts.

Disclaimer: This product is not intended to prevent serious flooding from Water Heater malfunction. It is designed to handle drips, leaks and overflows that occur with normal usage. Please retain original shipping box until you know the pan fits and you are keeping the pan, in case of return.
